

e21 Forum: Integrated Systems Planning

Walker Art Center, Skyline Room
725 Vineland Place, Minneapolis, MN 55403

Monday, December 3rd, 1:30pm-5:00pm (Reception 5:00-6:30pm)

Forum Objectives:

1. Highlight and revisit the e21 Integrated Systems Planning White Paper and recommendations
2. Explore the question, “What grid services will be required by a 21st century electric system, and what mix of low carbon technologies and approaches can provide those?”
3. Identify key take-aways and questions for future discussion

AGENDA
